

You Reign

By Frederick Puno and Norman Holmes

Verse 1:

In the midst of the storm, You are my peace
Your Spirit covers me
When I walk thru the night, You shine Your light
Your Spirit covers me
When it seems I've gone nowhere You still show Your tender care
I've learned to trust in You
Though my future paths seem blocked
With Your keys they'll be unlocked
I've learned to trust in You!

Chorus:

You reign, You reign higher than the heavens
Nothing is too difficult for You
Your power and love, we all stand in awe of
Nothing is too difficult, nothing too difficult for You, my Lord

Verse 2:

When the nations will shake, and peoples awake
We'll learn to seek Your face
As the high places fall, You're seen above all
We'll learn to seek Your face
The last trumpet soon will sound & our King will then be crowned
The Name above all names
Over all our King will reign & the nations will proclaim
The Name above all names!

Bridge:

Lift up your heads, and open your hearts!
For the King of glory draws near
Who is this mighty King? He's the Lord of everything!
He has conquered the grave, strong and mighty to save
Lord of angel armies, holding death and hell's keys
Lift up your heads and sing - for Jesus Christ our King we call
Jesus, the Name above all!
